We invite you to join us for a networking event created especially for women. Whether you're in business, thinking about starting your business, an employee or planning to return to work, come along and network with like minded people.

This special event will include a presentation from **Dr Leslie Cannold**, an author, columnist, ethicist and researcher who was noted in 2005 as one of Australia's top 20 public intellectuals and made Humanist of the Year in 2011. Inspirational women from the region will also be sharing their stories of success.

Develop your business contacts, find information and support and be inspired to improve and enhance your career or business.

Includes light lunch, goodie bag and free child care on request (call Kelly Court on 03 9205 2835).
